## SUMMARY

Passionate software developer with expertise in C#, Java, Python, and ASP.NET MVC Core. Adept in frontend development (HTML5, CSS3, Bootstrap, JavaScript, jQuery) and database management (MS SQL Server, SQL, Entity Framework, ADO.NET). Strong problem-solver with excellent communication and teamwork skills. Proven ability to develop, test, and maintain applications. Highly adaptable and committed to continuous learning and industry best practices.

## SKILLS

Programming Languages and Frameworks: C#, Java, Python, ASP.NET MVC Core

Frontend Development: HTML5, CSS3, Bootstrap, JavaScript, jQuery

Database Management: MS SQL Server, SQL, Entity Framework, ADO.NET

Tools and Operating Systems: Git, Unix

Software Design: Design Principles and Patterns

## EXPERIENCE

### Cognizant CSD

December 2023 - April 2024, Pune, India

- During my time as a CSD Intern at Cognizant, I gained valuable experience in working on various projects and tasks related to my field. I collaborated with the team to contribute to the development and implementation of software solutions using technologies such as Unix/Linux, Git, HTML, CSS, JavaScript, and SQL Server.
- Participated in the development and testing of software applications using C# and ASP.NET MVC Core.
- Assisted in the maintenance and troubleshooting of existing software systems and applications.
- Engaged in continuous learning and skill development to stay updated with the latest industry practices and technologies.

### Durgapur Steel Plant Industrial Training

August 2022 - August 2022, Durgapur

- The training conducted by DSP (S.A.I.L) taught us how an integrated steel plant works, production of steel from iron ore, casting of bloom billets from steel and forming different structures according to demand.

## PROJECTS
